CHARLES DARWIN HERNANDEZ TAROG

IT INTERN

Malinta, Valenzuela City, Metro Manila, Philippines | +63 993 656 6245 | charlestarog02@gmail.com |
www.linkedin.com/in/charlestarog02 | https://portfolio02-phi.vercel.app/

OBJECTIVE

Highly motivated and adaptable Information Technology student seeking an internship opportunity where a strong willingness to learn can be paired with professional guidance and mentorship. Eager to absorb industry best practices, receive constructive feedback, and gain practical, hands-on experience in maintaining technical systems, managing network resources, and providing efficient IT technical support. Dedicated to putting academic foundations into practice, adapting quickly to team environments, and contributing enthusiastically to daily tech operations under the direction of experienced IT professionals.

EDUCATION

Bachelor of Science in Information Technology **2023 - Present**
Pamantasan ng Lungsod ng Valenzuela *Tongco St. Maysan, Valenzuela City, Metro Manila*

Senior High School - Science, Technology, Engineering and Mathematics (STEM) Strand **2021 - 2023**
Technological Institute of the Philippines - Manila *363 P. Casal St., Quiapo, Manila*

SKILLS

- **Frontend Development :** HTML, CSS, Tailwind CSS, JavaScript
- **UI/UX & Graphic Design :** Figma, Canva, Basic Skills and knowledge using Adobe Photoshop and Adobe Illustrator
- **Productivity & Office Tools:** Microsoft Office (Word, Excel, PowerPoint), Google Workspace (Docs, Sheets)

PROJECTS

PLV-AlumNet (Undergraduate Capstone Thesis) **March 2026 - Present**
UI/UX Designer, Frontend Developer

- Collaborated with a cross-functional development team to build a comprehensive Alumni Networking and Job Placement System for Pamantasan ng Lungsod ng Valenzuela using Tailwind CSS, JavaScript.
- Designed a comprehensive system UI/UX mockup using Figma focused on reducing cognitive load, which established a visually consistent interface that optimized user engagement for both alumni and employers.

ValSyntrix - an ARTA-Compliant Customer Satisfaction Management System **October - December 2025**
UI/UX Designer

- Designed a comprehensive UI/UX wireframe and high-fidelity prototype in Figma for the Valenzuela City Automated ARTA-Compliant Customer Satisfaction Management System as a final project for Applications Development and Emerging Technologies.
- Optimized a kiosk-type interface layout specifically engineered to reduce cognitive load and prevent information overload for citizens answering the survey.

MyHomeVault - a Home Inventory and Maintenance Tracking System **October - December 2025**
UI/UX Designer, Frontend Developer

- Designed a comprehensive dashboard layout and user interface wireframes using Bootstrap 5 to centralize asset tracking, maintenance schedules, and digital document uploads for homeowners.
- Developed a responsive, multi-page frontend interface featuring specialized tabs for repair logs, automated warranty alerts, and structured data tables to prevent user information overload.
- Streamlined user journey mapping and core navigation structures to transform complex household inventory workflows into an intuitive, low-cognitive-load digital experience.

Colonide - Tabletop Game **August - December 2025**

Game Artist

- Illustrated high-quality 2D digital game assets—including official logos, user interface buttons, and detailed battleship designs—using ibisPaint X for a hybrid tabletop game and its strategy spin-off.

Travis Sweets & Baked Goodies - Cake Ordering Website **February - May 2025**

UI/UX Designer, Frontend Developer

- Co-developed a fully functional e-commerce web application for a local business by implementing a PHP backend to streamline customer orders and digitize manual business operations.
- Designed a high-fidelity UI/UX mockups and prototypes using Figma to map out user journeys, resulting in an intuitive, easy-to-navigate interface that simplified the customer checkout process.
